INDIAN BIO 70

Device Specifications

Specification	Details
Face Recognition Capacity	1,200 (1: N)
Fingerprint Capacity	5,000
Card User Capacity	1,200
Maximum User Capacity	1,200
Log Storage Capacity	1,50,000

Key Features

- **High-Speed and Accurate Face Identification:** Ensures fast and precise recognition.
- **Advanced Fingerprint Adaptation:** Performs reliably on dry, moist, and rough fingerprints.
- **Output Relay for Door Control:** Seamless integration for secure door operations.
- **Multiple Authentication Modes:** Supports Face, Fingerprint, Card, and Password authentication.
- **Energy Efficient:** Consumes minimal electric power, making it highly cost-effective.
- **Reliable and Durable:** Engineered for long-term, robust performance.
