Product Data Sheet

Product Introduction

A portable fingerprint padlock for lockers, gates, doors and bicycles - simple, rechargeable and ready for everyday security. INDIAN FP PADLOCK

Core Functions

Identity

Portable Biometric Security

Access

A portable fingerprint padlock for lockers, gates, doors and bicycles - simple

Integration

See the technical specifications for supported interfaces.

Deployment

Refer to the product manual for installation details.

Key Features

Material

Stainless steel

Color

Black / silver

Battery Life

Up to 1,000 scans

Fingerprints

Up to 10

Sensor

Semiconductor / silicon

Dimensions

20 x 53 x 53 mm

Technical Specifications

Stainless steel

Material

Black / silver

Color

Up to 1,000 scans

Battery Life

Up to 10

Fingerprints

Product & Identification		Hardware & Operation	
Material	Stainless steel	Color	Black / silver
Battery Life	Up to 1,000 scans	Fingerprints	Up to 10
Sensor	Semiconductor / silicon	Dimensions	20 x 53 x 53 mm
Charging	Micro-USB port
